

PHILADELPHIA MAN ANSWERS CALL TO PREACH IN UPLAND

Rev. A. J. Neuenschwander to
Succeed Rev. Hostetler
at Local Church

The congregation of the First Mennonite church received news Sunday that the Rev. A. J. Neuenschwander, pastor of the First Mennonite church in Philadelphia, has accepted the call to the pastorate of the Upland church. This information was given in a letter from him which was read at the church Sunday.

The Rev. Mr. Neuenschwander stated he has tendered his resignation to the Philadelphia church to take effect on August 31. He expects to arrive in Upland sometime during September to assume the duties of his new charge.

Donald Minton, Chaffey junior college student, who has occupied the pulpit at the Mennonite church since the departure of the Rev. Lester Hostetler who recently resigned to return to Ohio, has been officially appointed supply pastor to serve until the new pastor arrives.

The Rev. Mr. Neuenschwander, who was called by the Upland church immediately after Mr. Hostetler's resignation, is a personal friend of the Rev. Mr. Hostetler and was highly recommended by him. The members of the church are very much gratified by his acceptance of the call.

Eighteenth Street School to Attend Picnic on Friday

With the permission of Miss Jessie Brown, principal of Upland city schools, the Eighteenth Street school pupils and their teachers, accompanied by a number of mothers, will enjoy a picnic at Ganesha park, Pomona, on Friday, June 14, which marks the closing day of the school.

A number of the school patrons will provide cars for transportation and the picnic group will leave the school building at 10 a. m. Each attendant is to bring the necessary service, sandwiches and a covered dish and the picnic dinner will be spread on the table beneath the shade trees. During the afternoon the children will play games and enjoy the park recreations.

Brilliant Reception Is Given at Red Hill Country Club

One of the most brilliant affairs of the social season was the reception and bridge party given by Mrs. William Atchley at Red Hill Country club, announcing the marriage of her niece, Miss Beatrice Stanley, to Ernie Pinckert, well-known University of Southern California football star. The young couple, who have been secretly married for two years, are now living in Los Angeles.

Mrs. Atchley was costumed in a lovely creation of ashen-roses tulle and a Parisian hat, and Miss Stanley was charming in a corn-colored frock with hat to match.

As one stepped into the spacious living room of the club, a glimpse of fairyland was beheld: many baskets of beautiful spring flowers, yellow and blue predominating, were placed on the old-fashioned mantles, tables, piano and the floor.

While Lucile Huston, a very accomplished musician, played softly on the piano, a vision of loveliness in the person of little Dorothy Jean Rosenberger danced into the room where the guests were seated at the bridge tables. This little fairy carried a large white heart made of hundreds of white rose-petals, and as she danced by each table she gave each one a golden arrow, taken from the heart, bearing the names of "Beatrice and Ernie."

After the bridge tournament, the folding doors to the dining room were opened, disclosing a bride's table, elegant in its appointments.

Grapefruit Goes From Local Grove

Two carloads of grapefruit, the first to go forward from the district this season, were included in citrus fruit shipments from the Upland district during the past week, according to figures given out yesterday by local packers.

A total of 101 cars was shipped during the week, all but one being handled by the association houses of the O. K. Exchange, who offices are located in Upland.

The Exchange shipped 18 carloads of Valencia; one car of Washington navel; one car of oranges of miscellaneous variety; two cars of grapefruit and 80 cars of lemons. Coming of hot weather in the east and middle west has speeded up lemon shipments.

The West Ontario Citrus association sent out one carload of Valencia which was booked for Germany.

8 ALTA LOMANS TO GRADUATE TONIGHT

The Alta Loma grammar school, of which Miss Lillian Widmer is principal and which has had a very successful year, will hold graduation exercises tonight and a very interesting and well balanced program has been arranged.

There are eight members in the graduation class this year, they being Doris Champion, Jerry Dunn, Olin Habegger, Leonard Henderson, Eunice Lawyer, Nelda Lynn, Pauline Peters and Lucile Stoebe.

The first part of the program will be a unique aviation pageant originated by the teachers of the school and put on by the pupils. One of the seventh grade boys who is deeply interested in aviation will tell a story, "Around the World With an Aviator," and the scenes in the various countries which he describes will be depicted by the children of the several grades, wearing the costumes of those countries.

The first country visited will be America, and the children will represent American Indians and cowboys. Other countries to be described and depicted in the pageant are: Sweden, Germany, Switzerland, France, Spain, Italy, Arabia, China and Hawaii. The final number will be the arrival back in America, when the entire group will form an international ensemble chorus and sing "America the Beautiful."

The second part of the program will be presented by the graduating class, and will be as follows: Instrumental Trio, Billy Ledig, Melvin Voit, Eunice Dettweiler, "John Muir," Olin Habegger, "The Patchwork Quilt," Jerry Dunn, "Laska," Pauline Peters, Violin Solo, Doris Champion, "Patriotism," Leonard Henderson, "The Name of Old Glory," Eunice Lawyer, "Abraham Lincoln," Lucile Stoebe, Farewell and Class Poem, Nelda Lynn, Presentation of Diplomas, E. W. Fischer.

Silver baskets of yellow coreopsis and silver holders with their gold and candles added to its charm. And Miss Stanley and five of her most intimate girl friends, lovely in gowns of pastel shades, stood about the table. An immense wedding cake bearing the inscription "Beatrice Stanley and Ernie Pinckert, married Aug. 2, 1927, Mexicali, Mexico," was cut by the bride and served with ice cream, molded in the form of wedding bells. Mrs. C. M. Huston and Mrs. E. Koster presided at the tea and coffee urns.

Lovely prizes were awarded to Mrs. Herbert McCullough, Miss Elizabeth Kiss, Miss Lorain Cochran and Miss Iolene Lund, and a set of salad forks and crystal nutcrackers were presented by Mrs. Atchley to her honor guest, Mrs. Beatrice Stanley Pinckert.

Palmer Here For Anniversary Party

Mr. and Mrs. M. F. Palmer and daughter, Miss Ione Palmer, of Porterville, are spending a few days in Upland visiting relatives and their numerous friends. Sunday was the eighty-seventh birthday anniversary of Mr. Palmer's mother, Mrs. Nancy B. Palmer, and he came down with his family to attend the celebration.

A big family reunion and picnic was held at the Fourth Street park in Ontario and was marked by the observance of four birthdays, three others of the family group having birthdays within the week.

Mr. Palmer spent many years in Upland and is one of the best known of the earlier citizens, having come to Upland in the days when jack rabbits made trails through the present site of the town. He was active in the establishment of many of the town's industries and commercial institutions. Besides his many other activities, he was president of the Commercial National bank, which institution he was instrumental in founding, when he and his family left Upland the latter part of 1918 to make their home on their ranch in the San Joaquin valley.

Mr. Palmer comes back to Upland every year to visit his mother and he enjoys talking over old times with his friends.

Dr. and Mrs. J. A. Stavelys went to Redlands Monday to attend the University of Redlands commencement and had the privilege of seeing both their son and their daughter, Homer and Martha Stavelys, graduate from the university. Both have been initiated into the Delta Alpha Scholarship society, an honorary society open only to those having a high grade of scholarship.

Martha has the distinction of winning special honors in English, the only one of a class of 84 to do so. And Homer has the honor of being granted a teaching fellowship at the University of Arizona, Tucson, upon the recommendation of the University of Redlands faculty. The young man will continue his work next year at the Arizona university.

Pageant Talent at San Bernardino Club

The pageant, "The First Californians," dealing with the history, traditions and romance of the great San Bernardino Valley, which is to be presented at Chaffey amphitheatre on the evenings of June 24 and 26, was given another boost today when members of the pageant association, headed by S. Earle Blakeslee and John D. Howe, assisting with the music, journeyed to San Bernardino to put on a program before the county seat Rotary club.

Miss Irene Scott of Etiwanda was to do Spanish costume dances and the pageant trio, numbering Miss Alta Hamilton of Upland, Miss Martha Frank of Ontario and Miss Marian Brownless of Etiwanda, were to appear in Spanish costume for vocal selections.

Warner is under the care of Dr. W. M. Chapman.

20 ACRES SOLD BY EVERETT HENRY TO FRANK M. BAXTER

Wilson Avenue Orange and
Lemon Grove Goes to
Retired Resident

Sale of 20 acres of oranges and lemons by Everett Henry to Frank M. Baxter was announced today. The property is located on Wilson avenue, across from Norman S. Lawson's grove.

Coming here as a retired business man from Cleveland about a year ago, Mr. Baxter has become interested in Upland and the outlook for citrus fruit, and this purchase marks his entrance into the world of oranges and lemons.

Amount of money figuring in the deal was not made public. With this grove taken at a high price, Mr. Henry is today planning to set out to lemons 40 acres located next to the property acquired by Mr. Baxter.

GRAY TELLS OF ASTORIA'S HISTORY

Upland's new attorney, Edward E. Gray, gripped members of the local Rotary club and their guests with a vivid and romantic talk on the beginnings and history of Astoria, Ore., the oldest town of English speaking people on the Pacific coast, at the weekly luncheon at the Sycamores this noon. For twenty years Mr. Gray was a resident of Astoria and for two terms was mayor of the historic city. With his family he came here a month ago to engage in the practice of his profession here.

"Historically you are on 'holy ground' when you stand in Astoria," said the former Oregonian. He traced the history of the "old Astoria," told of how its business district was wiped out completely by fire and how in turn the "new Astoria" came to take its great part in the development of the Northwest. It is the center of Indian tradition of the Northwest and some of the true stories of the Red man would make the tale of Pocahontas pale into insignificance. The city had its start in 1811 when John Jacob Astor, the head of the great Astor family, had a dream of a vast new empire.

Stories of Astoria's maritime history—first built at the confluence of the Columbia river with the Pacific—were thrillingly told. Part of the old city was built on piles over the water and Astoria of those days had a fame that went around the "seven seas."

Mr. Gray's address was one of the finest ever given to the club. President Chas. V. Barr was in charge and John Shepperson guided the program. It was the biggest attendance of months, with 25 visiting Rotarians and guests present.

LEMON GROVE SOLD

Sale of five acres of lemons by David Bradford to Cless D. Grier was announced today. The property is located on Fourteenth street. The sale was made through Leigh Thompson.

Mrs. Mark H. Bailey spent today in wholesale houses in Los Angeles shopping for the J. J. Atwood store.

Mr. and Mrs. F. C. Schulz of New York, and their son-in-law and daughter, Mr. and Mrs. Harold Schulz, spent Saturday here with Mrs. Schulz's niece, Mrs. T. T. Lackey, and family. The Schulzes are stopping for a time with other relatives in Santa Monica.

Dr. and Mrs. Merton E. Hill were hosts to the faculty and staff of Chaffey and members of their family Saturday at their beach cottage at Laguna, the company numbering 200. It was an all-day affair with a cafeteria dinner served on the cliff overlooking the ocean, and beach sports were enjoyed. It was a happy day for the hosts and all their guests.

Sidelights on First Game

Alta Loma, under the management of F. S. Wagner, battles the Modern Woodmen tomorrow night. Roscoe Dinger, manager for the lodgemen, is aiming at the visitors, and another good game is promised.

An order for a \$5 hat at any local store will be given to the pitcher with the biggest strike-out record by William Larkin.

Won't someone give a "booby" prize to the person making the most errors during the season?

Baseball sharps looking for the unusual in a game found one to their liking in last night's red-hot opener. The play came up with a man on third, one out and the batter hitting a foul ball along the left field line. The left fielder came tearing over and—made the catch, with no possible way of being able to stop and make the throw to the plate to cut off the run. He cannot be charged with an error as he made the putout all right, and it simply goes down as "bad baseball."

Dean stopped Zenz's hard hit line drive with his eye, holding him to a single. He received the blow in the first inning but in spite of it he stayed with his team for the rest of the fourteen innings, pitching a good game, and socking a homer in the thirteenth.

Thompson's home run was the longest drive of the game, rolling out of the lighted area.

Cherbak made a wonderful heave from center field catching Zenz ten feet from home plate, cutting off a run. Another beautiful peg was made by Gottwald from left field in the second inning which would have shut off a run if the catcher had not dropped the ball when Campbell slid into him.

Both third basemen cut off hits by sensational catches.

Note for baseball players—Straw hats should be worn while playing. Ernest C. Mehl, president of the baseball commission, set the style last night.

Children's Day Is Observed at Church

The Children's day program at the Upland Methodist church Sunday was a splendid success and was witnessed by a large audience. The children of the Beginners' and Primary departments had charge of the opening worship period, giving the call to worship, prayers, scripture, songs and story.

A pageant, "Marching With the Heroes" was presented by the Junior department, one of the number as "Imagination," telling the stories of various historical heroes, who were impersonated by other members of the department. The pageant was well presented and was very impressive, the entire service being greatly enjoyed.

All members are requested to keep the changed date in mind.

GROWERS WIN IN FOURTEEN-INNING PITCHERS' BATTLE

Upland Merchants Take Short
End of 5 to 4 Count;
Fats Defeat Slims

It was tied a couple of times or so. It was fast. It was late when it ended.

The weather was cool. The score was 5 to 4. And the Upland Lemon Growers' athletic club will get a steak dinner. This is in reference to last night's thrilling opening of this city's night baseball league, with the Upland Merchants losing in the fourteenth inning to the packers.

In the preliminary game the fats trimmed the slimms to the tune of 10 to 5. The game was called at the end of the first half of the third inning in order to leave time for the big game.

The league game was a pitchers battle and practically a tight ball was played until the thirteenth inning when both teams went wild, knocking two home runs each.

The Lemon Growers scored their first run in the early part of the second inning. A run by the Merchants in the fifth inning was followed by another by the Growers in the sixth, leaving the score two to one until the ninth. In the ninth inning the Merchants tied the score.

Dean Saves Game
In the last half of the tenth Dean, Growers' pitcher, saved the game by working out of a hole with two down and bases full.

Perfect fielding in the twelfth inning allowed no hits. Hard drives were stopped by both third basemen.

In the thirteenth stanza McClaren got a home run when Colby misjudged his hard hit fly. Dean followed this with a homer, leaving the Growers with a lead of two runs. Decker, first man up for the Merchants, got a base on an error. Decker stayed on first while two other men went out. Then Thompson knocked his homer, bringing in Decker and tying the score again.

Provine Scores
Provine scored for the Growers in the fourteenth. The Merchants failed to score, leaving the game five to four in favor of the Growers.

Very few errors were made. Flashy fielding was done on both sides, especially by Zenz of the Merchants. The pitchers were evenly matched. Better support was shown the Merchants' pitcher while the Growers were stronger hitters.

Libelling Upland

This beautiful little city of Upland, probably unexcelled for attractiveness anywhere in this part of California, was made to look like a habitation of peasants by an article Monday on the "Southern Counties" page of one of the Los Angeles papers.

This purported to tell of the action of the city council in refusing last week to pass an ordinance forbidding keeping of poultry within fifty feet of a residence. The article, however, was not based on fact and was obviously unfair to anyone who knows conditions. This is the "head" that the paper put over the article: "UPLAND REMAINS AS HAVEN FOR BARNYARD BEASTS." Then followed this paragraph, which is untrue from beginning to end:

The ordinance was deemed necessary to meet the demands of an aroused public that the animals be put in their place, which was considered far from city habitation. Sleep was disturbed by night, and general health by day and night, declared protestants.

The facts are that one woman—instead of the "aroused public"—protested against her neighbors' chickens; "animals" were not being considered and, of course, there was no menace to "general health."

The whole thing would be amusing if it did not put Upland in an unfair and ridiculous light before the outside world. We really don't care to be advertised as a Russian village.

Well, maybe we can't expect to have Upland put in the right light in these metropolitan papers as long as our citizens will permit some outside reporter, who gets pay by the inch, to report our city's activities.

Incidentally we note that this same page of Monday had some fine ancient history. Its half column story on a Russian girl graduating at Chaffey was first run in The Upland News on May 24. That's not quite a month old.

Cigarettes Once More

Well, folks, we won't feel right if we don't indite another article on cigarettes—after keeping quiet for a while. Here goes:

We notice that Sunday's paper carried the sensational story that an Ohio university athlete broke the world's record for the one hundred yard dash when he cut the air to make it in nine and four-tenths seconds. That's the fastest any human being ever made the time—and got it on record.

We feel morally certain that this young man is not a cigarette smoker. You have to have your last ounce of "wind" to run like streaked lightning, and every college coach will tell you that cigarette smoking affects the wind. Here is something for you boys to think about.

Dr. Phil H. Hembdt, for years the head of the department of English of Albion college, told us this himself: He and a classmate could each run the one hundred yard dash in a trifle over ten seconds (that's real running). Hembdt didn't smoke at all then or afterwards; his fellow athlete smoked occasionally. Said Dr. Hembdt: "On the day he didn't smoke he could beat me by a hair; on the day when he took even one smoke, I could get in ahead of him at the tape." What more damning evidence could a brainy young man wishing to be an athlete want? Yet some of these young fellows think it clever to chain themselves down to a habit that will cost them thousands of dollars through their life and help impair their health.

Can any one of you parents blame The Upland News for refusing to run cigarette ads even though we might get a nice slice of the tobacco trust's money? We refuse to be a partner in fixing the cigarette habit on anyone—there are enough folks now who follow the crowd to do that.

Methodist Church Choir Enjoys Picnic Friday—Undaunted by the cool weather which caused the postponement of their picnic which was scheduled to be held Thursday night at the Ontario Fourth Street park, members of the Upland Methodist

church choir and their families gathered Friday evening in Crowell hall and held their picnic indoors. Adhering strictly to the picnic plans, no special preparations were made other than the placing of several baskets of flowers, and no set program was arranged. The big crowd, numbering about 60 choir members and guests, gathered in happy informality and shared in the excellent picnic supper and later enjoyed a pleasant social evening, all being glad to have an opportunity to visit, as all friends and neighbors should do occasionally.

The Methodist choir, under the direction of Mrs. Ralph Wilson, is an enthusiastic, loyal group and their social meeting Friday night proved to be a big success.

Pre-Nuptial Courtesy For Miss Mary Larson—As a happily planned pre-nuptial courtesy for Miss Mary Larson, whose wedding will be an event of the early summer, a surprise miscellaneous shower was given Thursday night, when Miss Lillian Widmer was hostess to a group of friends at her home on San Antonio avenue. Various early summer flowers were used in the decorations, yellow being the favored color.

Miss Larson was entirely unaware of the plans for the party and, after accepting an invitation to dinner, she was completely surprised upon arriving at the Widmer home to find so many of her friends ready to greet her. During the evening a miscellaneous collection of lovely gifts was presented in a unique manner and proved another happy surprise for the bride-elect. A pleasant social hour was enjoyed and Miss Widmer served her guests with a dainty collation later in the evening.

Those invited to share in Miss Widmer's hospitality and to greet the honor guest, Miss Larson, were Miss Mable Cooper, Miss Marjorie

IT MAY surprise you to know that fully half of the homes in this country are owned by men who make less than \$2000 a year.

How do they do it? Through loans such as those made by this association. These loans are put upon a monthly repayment basis about like rent. Both interest and principal are included; one mortgage stays in force, eliminating costly renewals; never any large sum to meet. This is the one plan that helps you to get out of debt, easily, and over a period of years, it is distinctly cheaper.

We loan money to build or buy a great many homes which never WOULD and never COULD have been owned in any other way.

You can do it, too, if you are now paying rent regularly. Come in and let us tell you how.
